Website Essentials Scorecard — Simple, Readable

Cursed Warden Labs • cursedwardenlabs.com • Aim: 18+ passes

First Look

- ☐ In 5 seconds, I can tell what you do and for whom.
- ☐ One clear button shows the next step (Get a quote / Book a call).
- ☐ Contact info is easy to find.

Trust

- ☐ Real reviews or testimonials are visible.
- ☐ A real photo of you or your team is shown.
- ☐ Badges, certifications, or years in business are shown.

Mobile

- ☐ Nothing is cut off; buttons are easy to tap.
- ☐ Tap-to-call works on the phone number.
- ☐ Contact is one tap from the menu.

Speed

- ☐ The page loads in about 3 seconds on a phone.
- ☐ Images load quickly; the layout does not jump.
- ☐ No auto-play video at the very top.

Offer

- ☐ Services are listed in plain English.
- ☐ You show a simple 3-step process for what happens next.
- ☐ There is a price range or a 'Get a quote' option.

Contact & Forms

- ☐ The main button appears a few times down the page.
- ☐ The contact form asks only the basics (3–5 fields).
- ☐ After sending, there is a clear thank-you/confirmation.

Findability

- ☐ Each page has a simple, unique page title.
- ☐ Your business name, city, and phone are in the footer.
- ☐ Your Google Business Profile is claimed and linked.

Safety & Access

- ☐ Text is large and easy to read on mobile.
- ☐ Color contrast is strong (text stands out).
- ☐ There is a privacy policy link in the footer.
